

Child Protection and Safeguarding Policy

Approved by: Damien Sweeney, Headteacher

Reviewed by: SLT

Latest Policy review: October 2022

Next Policy review date: July 2023

At Cornerstone Academy the named personnel with designated responsibility for Child Protection and Safeguarding are:

Designated Safeguarding Lead	Deputy Designated Safeguarding Lead	Safeguarding Governor
Damien Sweeney	Katrina Macey Sophie Neilson	Darren Gallimore

The named personnel with designated responsibility regarding allegations against staff/those working in the school are:

Designated Senior Manager (normally the Head teacher)	Chair of Governors (in the event of an allegation against the Head teacher)
Damien Sweeney	Darren Gallimore

The named person with designated responsibility regarding Cared for children is:

Designated teacher for cared for children
Damien Sweeney

Introduction

At Cornerstone Academy we recognise the responsibility we have under Section 175 of the Education and Inspections Act 2002, to have arrangements for safeguarding and promoting the welfare of children. The Governing Board in our school approve the S175/157 return to the LSCB on a yearly basis.

This policy demonstrates the school's commitment and compliance with safeguarding legislation; it should be read in conjunction with:

- Cheshire East Local Safeguarding Children Procedures
- Working Together to Safeguard Children
- What to do if you are worried a child is being abused
- Keeping children Safe In Education
- Guidance for safer working practice for staff working in education settings
- School online safety policy
- Staff Code of Conduct
- Staff use of mobile phones and Social Media Policy
- "Preventing and Tackling Bullying" DfE

Safeguarding and promoting the welfare of children is everyone's responsibility. Everyone who comes into contact with children and their families and carers has a role to play in safeguarding children. In order to fulfil this responsibility effectively, all practitioners in this school make sure their approach is child-centred. This means that we consider, at all times, what is in the best interests of the child.

No single practitioner can have a full picture of a child's needs and circumstances. If children and families are to receive the right help at the right time, everyone who comes into contact with them has a role to play in identifying concerns, sharing information and taking prompt action. Through our day-to-day contact with pupils and direct work with families, staff take notice of indicators of possible abuse or neglect and refer them to Children's Services (in Cheshire East or in neighbouring authorities' dependent upon the child's area of residence). We recognise that we form part of the wider safeguarding system for children. This responsibility also means that we are aware of the behaviour of staff in the school; we maintain an attitude of **'it could happen here'** where safeguarding is concerned.

In our school we ensure that:

- All children, regardless of age, gender, ability, culture, race, language, religion or sexual identity, are treated equally and have equal rights to protection
- All staff act on concerns or disclosures that may suggest a child is at risk of harm.
- Pupils and staff involved in Safeguarding issues receive appropriate support.
- Staff adhere to a Code of Conduct and understand what to do in the event of any allegations against any adult working in the setting
- All staff are aware of Early Help and ensure that relevant assessments and referrals take place.

- All staff are aware that abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label; they recognise that, in most cases, multiple issues will overlap with one another

This policy is available on our school website and printed copies of this document are available to parents upon request. We inform parents and carers about this policy when their children join our school and through our school newsletter.

The policy is provided to all staff (including temporary staff and volunteers) at induction; alongside our Staff Code of Conduct.

In addition, all staff are provided with Part One of the statutory yearly guidance '*Keeping Children Safe in Education*', DfE and are required to sign to indicate that they have read and understood it. The Designated Lead is able to support all staff in understanding their responsibilities and implementing it in their practice.

Aims of this document

- To provide staff with the framework to promote and safeguard the wellbeing of children and in doing so ensure they meet their statutory responsibilities.
- To ensure consistent good practice across the school.
- To demonstrate our commitment to protecting children.
- To raise awareness of all staff of the need to safeguard all children and of their responsibilities in identifying and reporting possible cases of abuse.
- To emphasise the need for good communication between all members of staff in matters relating to child protection.
- To promote safe practice and encourage challenge for poor and unsafe practice.
- To promote effective working relationships with other agencies involved with Safeguarding and promoting the welfare of children, especially with Children's Social Care and the Police.
- To ensure that all members of the school community are aware of our procedures for ensuring staff suitability to work with children
- To ensure that staff understand their responsibility to support pupils who have suffered abuse in accordance with their agreed plan e.g. Child in Need/ Child Protection Plan.

Scope of this Policy

This policy applies to all members of the school community (including staff, pupils, volunteers, parents/carers, visitors, agency staff and students, or anyone working on behalf of The Cornerstone Academy.

This policy is consistent with Cheshire East Local Safeguarding Children's Board (LSCB) child protection procedures.

Definitions of terms used in this document

Child Protection: refers to the activity undertaken to protect specific children who are suffering, or are likely to suffer, significant harm.

Safeguarding and promoting the welfare of children: refers to the process of protecting children from maltreatment, preventing the impairment of children's health or development, ensuring that children are growing up in circumstances consistent with the provision of safe and effective care and taking action to enable all children to have the best life chances.

Early Help: means providing support as soon as a problem emerges at any point in a child's life, from the foundation years through to the teenage years.

Abuse: a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. They may be abused by an adult or adults or by another child or children.

Staff: refers to all those working for or on behalf of the school/education setting in either a paid or voluntary capacity, full time or part time. This also includes parents and Governors.

Child: refers to all children who have not yet reached the age of 18. On the whole, this will apply to pupils from our own school; however, the policy will extend to visiting children from other establishments.

Parent: refers to birth parents and other adults who are in a parenting role e.g. carers, step-parents, foster parents, and adoptive parents.

Prevention

Children feel secure in a safe environment in which they can learn and develop. We achieve this by ensuring that:

- Children develop realistic attitudes to their responsibilities in adult life and are equipped with the skills needed to keep themselves safe; including understanding and recognition of healthy/unhealthy relationships and support available.
- Children are supported in recognising and managing risks in different situations, including on the internet, being able to judge what kind of physical contact is acceptable and unacceptable, recognising when pressure from others, including people they know, threatens their personal safety and well-being and supporting them in developing effective ways of resisting pressure.
- All staff are aware of school guidance for their use of mobile technology and have discussed safeguarding issues around the use of mobile technologies and their associated risks.
- Importance and prioritisation is given to equipping the children with the skills needed to stay safe; including providing opportunities for Personal, Social and Health Education throughout the curriculum.

- We ensure that appropriate filters and appropriate monitoring systems are in place; however, we are careful that “over blocking” does not lead to unreasonable restrictions as to what children can be taught with regards to online teaching and safeguarding.
- All adults feel comfortable and supported to draw safeguarding issues to the attention of the Head Teacher and/or the Designated Safeguarding Lead and are able to pose safeguarding questions with “respectful uncertainty” as part of their shared responsibility to safeguard children.
- Emerging themes are proactively addressed and fed back to the local authority and LSCB to ensure a coherent approach so that multi-agency awareness and strategies are developed.
- There is a proactive approach to substance misuse. Issues of drugs and substance misuse are recorded and there is a standalone policy which is robustly delivered throughout the school and curriculum.
- Support and planning for children in custody and their resettlement back into the school community is undertaken, where necessary, as part of our inclusive approach.
- We comply with ‘Working Together to Safeguard Children’ and support the Cheshire East Local Safeguarding Children Board (LSCB) Continuum of Need
- We systematically monitor pupil welfare, keeping accurate records, speaking to parents and notifying appropriate agencies when necessary.
- All staff are aware of children with circumstances which mean that they are more vulnerable to abuse/less able to easily access services and are proactive in recognising and identifying their needs.
- The voice of the child is paramount; therefore, our pupils are actively involved in safeguarding development. There is an established student group/student involvement mechanism which works with and challenges staff in order to develop aspects of safeguarding e.g. through the curriculum, approaches and displays.
- We consult with, listen and respond to pupils; our school’s arrangements for this are pupil voice and parent questionnaire.
- We use research evidence to inform our prevention work

Early Help

All staff understand the Cheshire East LCSB ‘Continuum of Need’ and Child Protection procedures; to ensure that the needs of our children are effectively assessed; decisions are based on a child’s development needs, parenting capacity and family & environmental factors. We ensure that the most appropriate referrals are made. We actively support multi agency planning for these children and, in doing so, provide information from the child’s point of view; bringing their lived experience to life as evidenced by observations or information provided. Staff know how to pass on any concerns no matter how trivial they seem.

Staff members always act in the interests of the child and are aware of their responsibility to take action as outlined in this policy. In our school staff are aware that they must be prepared to identify those children who may benefit from early help. The staff are alert to the potential need for early help for a child who:

- is disabled and has specific additional needs
- has special educational needs (whether or not they have a statutory Education, Health and Care Plan) • is a young carer

- is showing signs of being drawn into anti-social or criminal behaviour, including gang involvement and association with organised crime groups
- is frequently missing/goes missing from care or from home
- is at risk of modern slavery, trafficking or exploitation
- is at risk of being radicalised or exploited
- is in a family circumstance presenting challenges for the child, such as drug and alcohol misuse, adult mental health issues and domestic abuse
- is misusing drugs or alcohol themselves
- has returned home to their family from care
- is a privately fostered child”

If there are concerns about a child’s welfare that do not meet the thresholds of child abuse the school will consider whether the Early Help approach should be considered. Staff are aware that early identification of concerns and the use of Early Help to develop a multi-agency plan for the child can reduce the risk of subsequent abuse.

Our school is an Operation Encompass school which means that we are able to give proactive support to those children and their families where Domestic abuse is identified. Once an Operation Encompass call is taken the information is passed to the DSL and the information is investigated.

If a member of staff has concerns about a child, they will need to decide what action to take. Where possible, there should be a conversation with the Designated Safeguarding Lead to agree a course of action, although any staff member can make a referral to children’s social care/consult with ChECS/contact the police. Other options could include referral to specialist services or early help services and should be made in accordance with the referral threshold set by the Local Safeguarding Children Board. In the first instance staff should discuss early help requirements with the Designated Safeguarding Lead. If early help is appropriate the designated safeguarding lead will support the staff member in liaising with other agencies and setting up an inter-agency assessment as appropriate.

As staff may be required to support other agencies and practitioners in an early help assessment; all staff are aware of the relevant assessments and appropriate support is given to them when they undertake an early help assessment.

Where early help and or other support is appropriate we ensure that the case is kept under constant review. If the child’s situation doesn’t appear to be improving, we take appropriate action.

The children in our school are made aware that there are adults whom they can approach if worried or in difficulty.

There is adequate signposting to external sources of support and advice for staff, parents and pupils posted around school and on our website.

Concerns about a child- recording and reporting

Our recording procedures are in line with those outlined in Cheshire East's "Recording and Reporting Guidance"; the Designated Safeguarding Lead and the Deputy Lead are aware of this document.

Where a member of staff is concerned that a child is in immediate danger or is at risk of harm they should report this to the Designated Safeguarding Lead, or their Deputy, without delay. A written record should be made of these concerns as soon as possible following the disclosure/concern being raised; this must be on the same working day.

Where staff have conversations with a child who discloses abuse they follow the basic principles:

- listen rather than directly question, remain calm
- never stop a child who is recalling significant events
- never ask a child if they are being abused
- make a record of discussion to include time, place, persons present and what was said (child language – do not substitute words)
- advise you will have to pass the information on
- avoid coaching/prompting
- never take photographs of any injury
- never undress a child to physically examine them
- allow time and provide a safe haven / quiet area for future support meetings
- At no time promise confidentiality to a child or adult.

Staff are aware that they should not question the child; other than to respond with TED - **T**ell me what you mean by that, **E**xplain what you mean by that, **D**escribe that. Staff will observe and listen, but do not probe/ask any leading questions.

The Designated Lead will obtain the relevant information and agree relevant actions after making a timely assessment of the information.

We recognise that parents may hold key information about incidents/allegations therefore, **in the majority of situations; the Designated Safeguarding Lead will speak to the parents and gain their consent** to discussing the situation with others. Staff are aware that there will be very few instances where, to speak to the parents, could further endanger the child. In those situations, they would still consult/refer, but would have clearly recorded reasons as to why they had not gained parental consent.

The following situations are the instances in which parental consent would not be gained prior to a referral:

- Discussion would impede a police investigation or social work enquiry
- Sexual abuse is suspected
- Organised or multiple abuse is suspected
- Fabrication of an illness is suspected
- Female Genital Mutilation (FGM) is suspected
- Forced marriage is suspected

- Extremism or radicalisation is suspected

Staff are also aware that, even in situations where the parent does not give consent, the best interests of the child are paramount and, therefore, they would share their concerns. In addition, the referral will not be delayed if it has not been possible to contact the parents/carers.

A consultation will take place with Cheshire East Consultation Service (ChECS) and/or the police immediately. Where a child lives in a different authority the Designated Lead follows the procedures for that authority.

Where possible we ensure that contacts with outside agencies are through the Designated Safeguarding Lead or their Deputy; however, staff are aware that anyone can make this contact. Where a member of staff makes contact they ensure that they make the Designated Safeguarding Lead aware as soon as possible.

Teachers in our school are aware of their responsibilities under section 74 of the Serious Crime Act 2015 which says that “If a **teacher**, in the course of their work in the profession, discovers that an act of Female Genital Mutilation appears to have been carried out on a girl under the age of 18 the **teacher** must report this to the police”.

All records provide a factual, accurate, evidence-based account. Records are signed, dated and where appropriate, witnessed.

Support and advice is sought from Children’s Services or the Local Area Designated Officer (LADO), whenever necessary.

Safeguarding Records are held electronically/hard copies of records /or reports relating to Safeguarding and Child Protection concerns are kept in a separate, confidential file, securely stored away from the main pupil file. Authorisation to access these records is controlled by the Head teacher and Designated Safeguarding Lead.

The school ensures that safeguarding information, including Child Protection information, is stored and handled in line with the principles of the Data Protection Act and General Data Protection Regulation (GDPR) ensuring that information is:

- used fairly and lawfully
- for limited, specifically stated purposes
- used in a way that is adequate, relevant and not excessive
- accurate
- kept for no longer than necessary
- handled according to people’s data protection rights
- kept safe and secure.

We ensure that information is transferred safely and securely when a pupil with a Safeguarding Record transfers to another school. We also ensure that Key workers or social workers are notified where a child leaves the school (as appropriate).

Safe Working Practices

Use of mobile phones, cameras and internet:

The school and staff take safeguarding seriously and understand this policy is over- arching. We refer staff to the '*Staff use of mobile phones and Social Media Policy*', '*Code of conduct*' and '*Guidance for Safer Working Practice for those working with children and young people in Education Settings October*'.

Personal mobiles and electronic devices:

Personal mobile phones and recording devices (tablets, cameras, laptops etc) are never used by staff at the school/setting.

If staff have personal phones or devices these are stored securely [*say where*] and will be switched off or on silent whilst during the teaching day.

Electronic devices should be password protected so that content cannot be accessed by unauthorised users. It is the responsibility of the staff member to ensure that there is no illegal or inappropriate content stored or used on their device when brought on to school grounds.

School devices:

School devices remain the property of Cornerstone Academy and in using them staff will follow Cornerstone Academy's policies, '*i.e. Staff use of School devices Policy*'

Electronic devices should be password protected so that content cannot be accessed by unauthorised users.

Cameras photography and images:

Cornerstone Academy will obtain parents' and carers' consent for photographs to be taken or published (for example, on our website or in newspapers or publications).

Staff will ensure the Cornerstone Academy designated camera or recording devices (tablets, cameras, laptops etc) are used when capturing evidence of work undertaken.

Internet safety:

On school equipment we ensure that appropriate filters and appropriate monitoring systems are in place.

Working off school premises:

Where staff take school computer/digital equipment / or records in paper form, off school site, they do so with the view that they abide by the staff use of School devices policy.

Staff are reminded that information, both in paper or electric form is sensitive and protected under data protection and GDPR and should be safe and securely stored off the premises and during transport.

Allegations against staff

At Cornerstone Academy we recognise the possibility that adults working in the school may harm children; that they may have

- behaved in a way that has harmed a child, or may have harmed a child;
 - committed a criminal offence against or related to a child; or
 - behaved towards a child or children in a way that indicates that they are unsuitable to work with children
- Any concerns of this nature, about the conduct of other adults, should be taken to the Headteacher without delay or, where that is a concern about the Headteacher, to the Chair of Governors and the LADO.

Staff are aware that this must be done on the same working day.

The school will not internally investigate until instructed by the LADO.

We make all staff aware of their duty to raise concerns. Where a staff member feels unable to raise an issue or feels that their genuine concerns are not being addressed, other whistleblowing channels may be open to them. They have been made aware of those other channels of support, mainly the school whistleblowing policy.

Safer Recruitment

The school pays full regard to DfE guidance 'Keeping Children Safe in Education' and with reference to the 'Position of Trust' offence (Sexual Offences Act 2003). We ensure that all appropriate measures are applied in relation to everyone who works in the school who is likely to be perceived by the children as a safe and trustworthy adult.

We do this by:

- Operating safe recruitment practices; including highlighting the importance we place on safeguarding children in our recruitment adverts and interview questions, appropriate Disclosure and Barring Service (DBS) and reference checks, verifying identity, academic and vocational qualifications, obtaining practitioner references, checking previous employment history and ensuring that a candidate has the health and physical capacity for the job. It also includes undertaking interviews and checking the Children's List and right to work in England checks in accordance with DBS and Department for Education procedures.
- Ensuring that staff and volunteers adhere to a published code of conduct and other professional standards at all times, including after school activities. Staff are aware of social media/ on-line conduct.
- Ensuring that all staff and other adults on site are aware of the need for maintaining appropriate and professional boundaries in their relationship with pupils and parents, following the Code of Conduct.
- All staff are required to disclose any convictions, cautions, court orders, reprimands and warnings that may affect their suitability to work with children (whether received before or during their employment at the setting).
- Maintaining an accurate, complete, up to date Single Central Record.

Staff training and updates

In our school there is a commitment to the continuous development of all staff, regardless of role with regard to safeguarding training:

All staff undertake LSCB 'endorsed' Basic Awareness in Safeguarding and child protection training within the first term of their employment/placement. This training is refreshed every 3 years; to enable them to understand and fulfil their safeguarding responsibilities effectively.

All staff receive safeguarding and child protection updates (for example, via email, e-bulletins and staff meetings), as required, but at least annually, to provide them with the relevant skills and knowledge to safeguard children effectively

The Designated Lead and any Deputy attend LSCB multi agency Safeguarding and child protection training on an annual basis.

The Designated Safeguarding Lead, and/or Deputy attend the Designated Safeguarding Leads Meetings held each term coordinated by the SCiES Team, therefore enabling them to remain up to date with Safeguarding practices and be aware of any emerging concerns/themes emerging with Cheshire East.

The school acknowledges serious case review findings and shares lessons learned with all staff to ensure no child falls through the gaps.

Cared for children (Looked after children)

In Cornerstone Academy we ensure that staff have the skills, knowledge and understanding necessary to keep cared for children safe as we aware that children often become looked after as a result of abuse and/or neglect. We have identified a designated teacher for our cared for children; this person works closely with the Virtual school.

Children with special needs and disabilities

We ensure that staff have knowledge and understanding of the additional barriers which can exist when recognising abuse and neglect in children with special needs/disabilities.

These barriers can include:

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration;
- children with SEN and disabilities being disproportionately impacted by things like bullying - without outwardly showing any signs; and
- communication barriers and difficulties in overcoming these barriers

We aim to build the necessary skills in staff so that they can safeguard and respond to the specific needs of this group of children.

The use of 'reasonable force'

There are circumstances when it is appropriate for staff in schools and colleges to use reasonable force to safeguard children. The term 'reasonable force' covers the broad range of actions used by staff that involve a degree of physical contact to control or restrain children. This can range from guiding a child to safety by the arm, to more extreme circumstances such as breaking up a fight or where a young person needs to be restrained to prevent violence or injury. 'Reasonable' in these circumstances means 'using no more force than is needed'.

Private Fostering

We recognise that our school has a mandatory duty to report to the local authority when we become aware of, or suspect that, a child is subject to a private fostering arrangement. To aide our awareness we ensure that we establish parental responsibility for each and every child; we take steps to verify the relationship of the adults to the child when we register them.

A private fostering arrangement is one that is made privately (without the involvement of a local authority) for the care of a child under the age of 16 years (under 18, if disabled) by someone other than a parent or close relative, in their own home, with the intention that it should last for 28 days or more.

A close family relative is defined as a 'grandparent, brother, sister, uncle or aunt' and includes half-siblings and step-parents; it does not include great-aunts or uncles, great grandparents or cousins.

Parents and private foster carers both have a legal duty to inform the relevant local authority at least six weeks before the arrangement is due to start; not to do so is a criminal offence.

Whilst most privately fostered children are appropriately supported and looked after, we recognise that they are a potentially vulnerable group who should be monitored by the local authority, particularly when the child has come from another country. In some cases, privately fostered children are affected by abuse and neglect, or are involved in trafficking, child sexual exploitation or modern-day slavery.

Where a member of staff becomes aware of private fostering arrangements they are aware that they need to notify the Designated Safeguarding Lead. The Designated Safeguarding Lead will then speak to the family of the child involved to check that they are aware of their duty to inform Cheshire East. The school would also inform Cheshire East of the private fostering arrangements.

Children Missing out on Education and Missing from Education

Under section 175 of the Education Act, we have a duty to investigate any unexplained absences especially as a child going missing from education is a potential indicator of abuse or neglect.

At Cornerstone Academy we follow Cheshire East's procedures for dealing with children that go missing from lessons and/or school. All staff are aware that children going missing, particularly repeatedly, can act as a vital warning sign of a range of safeguarding possibilities. This may include abuse and neglect, which may include sexual abuse or exploitation and child criminal exploitation. It may indicate mental health problems, risk of substance abuse, risk of travelling to conflict zones, risk of female genital mutilation or risk of forced marriage.

We also ensure that we are rigorous in our attendance procedures; these are outlined in our attendance policy. Where a child's destination is unknown when they have left our school we ensure we carry out all necessary checks and refer them as CME using the appropriate form so that they can be followed up on. Staff are aware of the trafficking of children and the importance of rigour around our attendance procedures to reduce this as a threat to our children's safety.

Specific safeguarding issues

All staff have an awareness of safeguarding issues. They are aware that these safeguarding issues may not directly involve the child in our school but could be happening to their siblings or parents. They are also aware that some issues could be happening in the lives of staff members.

Staff are supported in accessing and completing the relevant screening tools.

As a listening school staff would pick up on these issues and would know how to identify and respond to:

- Neglect
- Drug/substance/alcohol misuse (both pupil and parent)
- Child sexual exploitation / trafficked children
- Extremism and Radicalisation
- Children missing education
- Domestic abuse
- Peer relationship abuse/Teenage Relationship Abuse
- Risky behaviours
- Sexual health needs
- Obesity/malnutrition
- On line grooming
- Inappropriate behaviour of staff towards children
- Bullying, including homophobic, racist, gender and disability. Breaches of the Equality Act 2010.
- Self Harm
- Honour based violence including - Female Genital Mutilation, Beast Ironing, Forced Marriage
- Unaccompanied asylum seeking children
- Child Trafficking
- Modern Day Slavery

Neglect

Apart from being potentially fatal, neglect causes great distress to children and leads to poor outcomes in the short and long-term. Possible consequences include an array of health and mental health problems, difficulties in forming attachment and relationships, lower educational achievements, an increased risk of substance misuse, higher risk of experiencing abuse as well as difficulties in assuming parenting responsibilities later on in life. The degree to which children are affected during their childhood and later in adulthood depends on the type, severity and frequency of the maltreatment and on what support mechanisms and coping strategies were available to the child.

We are also mindful of the effects of adolescent neglect as this is as damaging as other forms of maltreatment - increasing the risk of arrest, offending and violent crime in late adolescence, and the risk of arrest and drug use in early adulthood. If we suspect neglect we will use the Neglect Screening Tool

<http://www.cheshireeastlscb.org.uk/docs/neglect-screening-tool.doc>

Peer on peer abuse

We know that safeguarding issues can manifest themselves via peer on peer abuse. This is most likely to include, but not limited to:

- bullying (including cyber bullying),
- gender based violence/sexual assaults
- sexting.

- physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm;
- initiating/hazing type violence and rituals

Staff are clear on our procedures with regards to peer on peer abuse and do not take it any less serious than adult abuse and should never be tolerated or passed off as “banter”, “just having a laugh” or “part of growing up”;

We ensure that we apply the same thresholds.

Where sexual violence or sexual harassment between children is alleged then the school follows the guidance issued by the DfE in 2018. Sexual violence and sexual harassment between children guidance

Child Sexual Exploitation (CSE)

Child sexual exploitation is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator.

The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology.

CSE involves exploitative situations, contexts and relationships where children receive something (for example food, accommodation, drugs, alcohol, gifts, money or in some cases simply affection) as a result of engaging in sexual activities. Sexual exploitation can take many forms ranging from the seemingly ‘consensual’ relationship where sex is exchanged for affection or gifts, to serious organised crime by gangs and groups.

Child sexual exploitation is a complex form of abuse and it can be difficult for those working with children to identify and assess.

As staff we are aware that the indicators for child sexual exploitation can sometimes be mistaken for ‘normal adolescent behaviours’. It requires knowledge, skills, professional curiosity to ensure that the signs and symptoms are interpreted correctly and appropriate support is given.

All staff are alert to possible indicators and will raise concerns as appropriate. They are aware of the panCheshire CSE policy and procedures and of the screening tool including where to find it, how to complete it and what happens next.

Domestic abuse/violence

Cornerstone Academy believes that all our pupils have the right to be safe at school and also in their own homes. We are aware that some children may be living in situations where they are directly or indirectly affected by incidents of domestic abuse or violence. As an Operation Encompass school we are alert to the indicators of abuse and we have a planned approach to supporting children in a proactive way.

Prevent, Radicalisation and Extremism

Cornerstone Academy adheres to the Prevent Duty Guidance and seeks to protect children against the messages of all violent extremism and to prevent them being drawn into terrorism; including, but not restricted to, those linked to Islamist ideology, or to Far Right / Neo Nazi / White Supremacist ideology, Irish Nationalist and Loyalist paramilitary groups, and extremist Animal Rights movements.

The school community has been made aware of the exploitation of vulnerable people, to involve them in terrorism or in activity in support of terrorism; they are also aware that the normalisation of extreme views may make children vulnerable to future manipulation and exploitation.

In order to raise awareness and reduce risks we ensure that our preventative work is specifically considered, outlined and highlighted in all relevant policies and procedures, including those for the RE and PSHE curriculum, Information technology, Special Educational Needs, attendance, assemblies, the use of school premises by external agencies, behaviour and anti-bullying.

Our taught curriculum includes educating children of how people with extreme views share these with others; we are committed to ensuring that our pupils are offered a broad and balanced curriculum that aims to prepare them for life in modern Britain. Teaching the school's core values alongside the fundamental British Values supports quality teaching and learning, whilst making a positive contribution to the development of a fair, just and civil society.

In our school community we are aware of these specific issues, relevant to our school's profile.

All staff have received training about the Prevent Duty and tackling extremism. This training is reinforced by annual Prevent staff training.

The Cornerstone Academy is clear that this exploitation and radicalisation should be viewed as a safeguarding concern; therefore, concerns need to be recorded and discussed with the DSL; with timely, appropriate action then being taken.

Honour Based Violence (HBV) including Forced Marriage (FM)

Awareness raising has taken place around Honour based violence and forced marriage; they are alert to possible indicators. They are aware that forced marriage is an entirely separate issue from arranged marriage; that it is a human rights abuse and falls within the Crown Prosecution Service definition of domestic violence and that HBV and FM can affect both young men and women.

As a school we would never attempt to intervene directly; where this is suspected we would not speak to the parents before sharing our concerns with ChECS.

Female Genital Mutilation (FGM)

Members of our school community are alert to the possibility of a girl being at risk of FGM, or already having suffered FGM. They have been made aware that FGM typically takes place between birth and around 15 years old. Potential indicators that a child or young person may be at risk of FGM have been shared and the next steps have been identified, in that we take the same course of action as we would with any form of abuse; the Designated Lead plays a full part in the process of identification recording and reporting. We are mindful that girls at risk of FGM may not yet be aware of the practice or that it may be conducted on them, so sensitivity is always shown when approaching the subject.

Breast Ironing

Staff have been made aware of an act of abuse performed on young girls (from around the age of 9 years old) in which their breasts are ironed, massaged and/or pounded, burned with heated objects or covered with an elastic belt to prevent or delay the development of their breasts. Staff are clear that they would follow our usual procedure for recording and reporting this abuse where it is suspected.

CAF, Child in Need and Child Protection

In our school we ensure that we follow Cheshire East's Multi-agency Practice Standards CE multi-agency practice standards 2016 to ensure that our work, on behalf of our children, is of a consistently good standard. We use these standards to challenge other workers on behalf of children where the standards are not being met.

Governor Responsibilities

The Governing Board fully recognises its responsibilities with regard to Safeguarding and promoting the welfare of children in accordance with Government guidance.

The Governing Board have agreed processes which allow them to monitor and ensure that the school:

- Has robust Safeguarding procedures in place.
- Operates safe recruitment procedures and appropriate checks are carried out on new staff and adults working on the school site.
- Has procedures for dealing with allegations of abuse against any member of staff or adult on site
- Has a member of the Leadership Team who is designated to take lead responsibility for dealing with Safeguarding and Child Protection issues
- Takes steps to remedy any deficiencies or weaknesses with regard to Safeguarding arrangements.
- Is supported by the Governing Board nominating a member responsible for liaising with the LA and/or partner agencies in the event of allegations of abuse against the Headteacher; this is the Chair.
- Carries out an annual review of the Safeguarding policy and procedures.
- Carries out an annual Safeguarding Audit in consultation with the Governing Board, sharing this with the LSCB on request.

Finally

Staff in Cornerstone Academy take the safeguarding of each and every child very seriously. This means that, should they have any concerns of a safeguarding nature, they are expected to report, record and take the necessary steps to ensure that the child is safe and protected. This is never an easy action, nor one taken

lightly. They are aware that it can lead to challenge from parents/carers, but at all times staff have the child at the heart of all their decisions and act in their best interests.

Further information on our safeguarding and related policy documents and procedures is available on request from the Head teacher or Designated Safeguarding Lead.

Definitions of Abuse

Appendix 3

“Keeping Children Safe in Education”

Neglect

The persistent failure to meet a child’s basic physical and/or psychological needs, likely to result in the serious impairment of the child’s health or development.

It may occur during pregnancy as a result of maternal substance abuse.

Once a child is born, neglect may involve a parent or carer failing to:

- provide adequate food, clothing and shelter (including exclusion from home or abandonment)
- protect a child from physical and emotional harm or danger
- ensure adequate supervision (including the use of inadequate care-givers)
- ensure access to appropriate medical care or treatment.

It may also include unresponsiveness to, or neglect of a child’s basic emotional needs.

Emotional

The persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on their emotional development. It may involve:

- conveying to them that they are worthless, unloved, inadequate, or valued only insofar as they meet the needs of another person.
- not giving them opportunities to express their views, deliberately silencing them or ‘making fun’ of what they say or how they communicate.
- developmentally inappropriate expectations being imposed; interactions that are beyond the child’s developmental capability
- overprotection and limitation of exploration and learning
- preventing the child participating in normal social interaction.
- seeing / hearing the ill-treatment of another.
- serious bullying causing them frequently to feel frightened or in danger
- exploitation or corruption of them.

Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone

Sexual

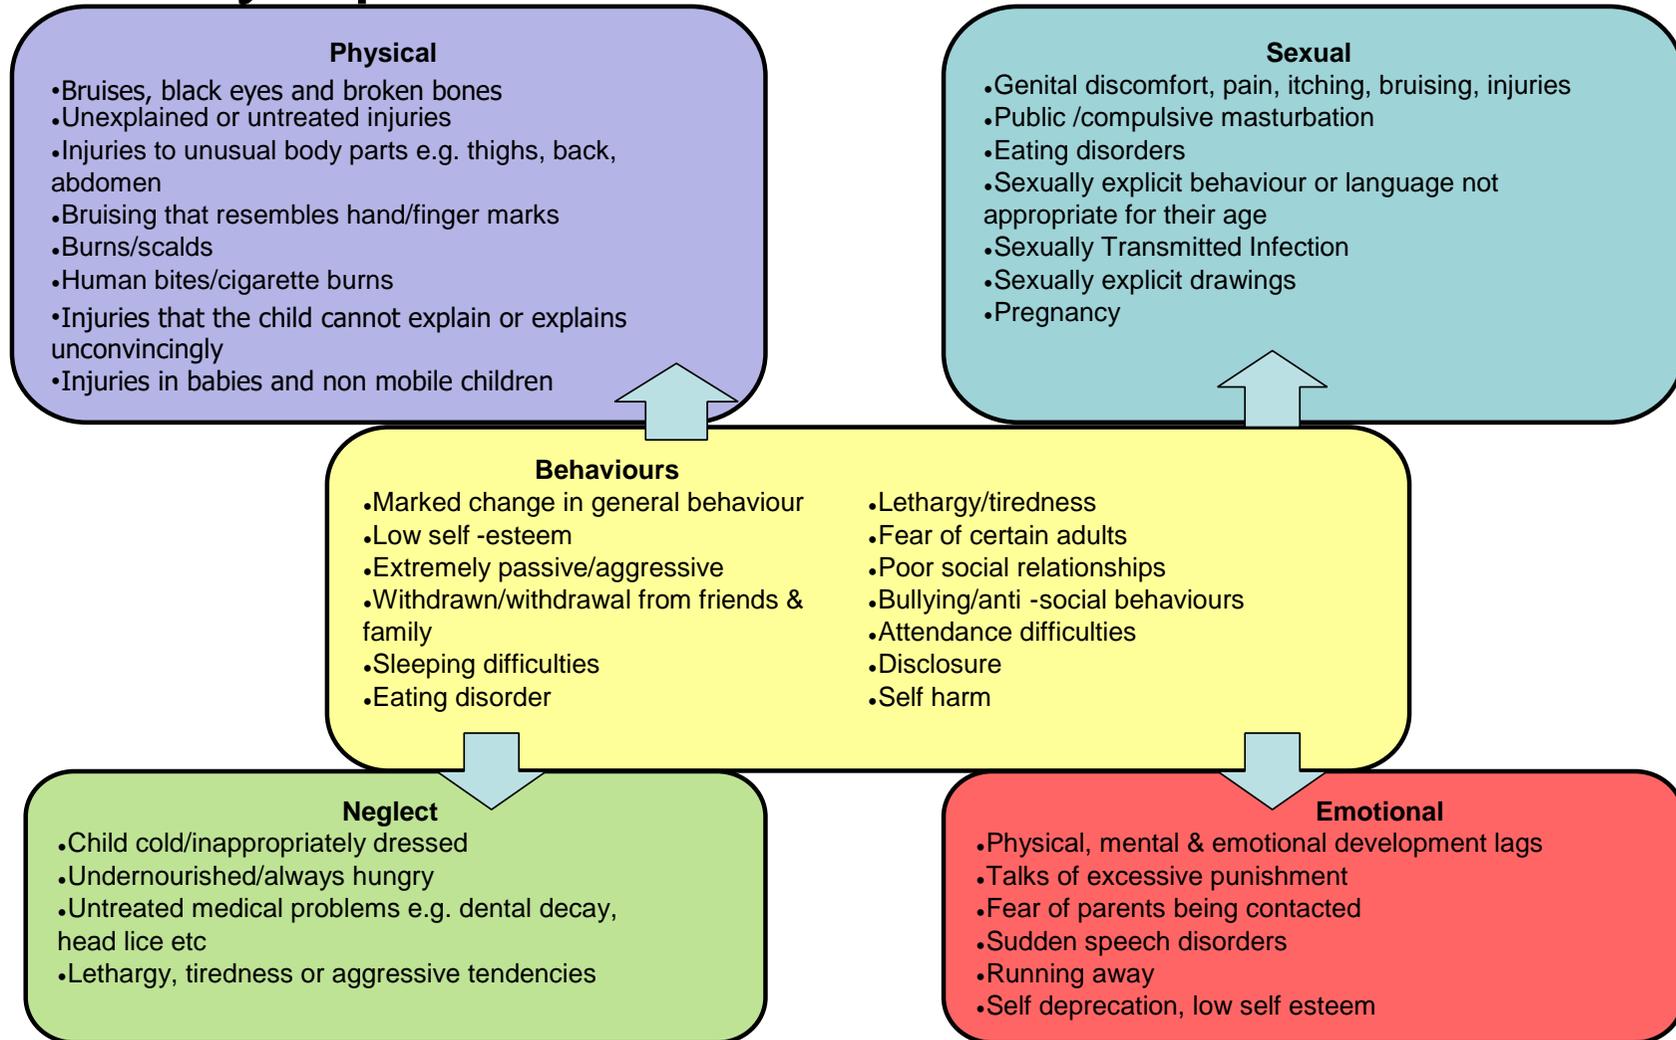

- forcing or enticing a child to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening.
- physical contact: including assault by penetration e.g. rape or oral sex; or non-penetrative acts e.g. masturbation, kissing, rubbing & touching outside of clothing
- Non-contact activities: e.g. involving children in looking at/ in the production of sexual images/ activities, encouraging children to behave in sexually inappropriate ways, grooming a child in preparation for abuse
- Sexual abuse can take place online, and technology can be used to facilitate offline abuse.

Physical

A form of abuse which may involve:

- Hitting, shaking, throwing, poisoning, burning, scalding, drowning, suffocating, or otherwise causing physical harm to a child.
- Physical harm may also be caused when a parent or carer feigns the symptoms of, or deliberately induces illness in a child.
- Injuries in babies and non mobile children

Symptoms of Abuse

Receiving Disclosures:

Receive

- Listen, try not to look shocked or be judgmental
- Believe what they say, accept what they say and take it seriously
- Don't make them feel bad by saying "you should have told me earlier"
- Don't 'interrogate' them – let them tell you, try not to interrupt
- Note the date and time, what was done, who did it, and where it took place
- Don't criticise the perpetrator
- Don't ask leading questions – use 'open' questions to clarify only (T.E.D)

Tell me what you mean by that?

Explain that to me

Describe that.....

Describe that....

Reassure

- Stay calm, tell the young person they've done the right thing in telling you
- Reassure them they are not to blame
- Empathise – don't tell them how they should be feeling
- Don't promise confidentiality, explain who needs to know
- Explain what you'll do next
- Be honest about what you can do

Report and Record

- Make a Brief, accurate, timely and factual record
- Discuss with the Designated Safeguarding Lead (DSL) or their Deputy, without delay
- The DSL will assess the situation and decide on the next steps

Things to include:

- Time and full date of disclosure/incident and the time and full date the record was made
- An accurate record of what was said or seen, using the child's words as appropriate
- Whether it is 1st or 2nd hand information
- Whether the child was seen/spoken to
- Whether information is fact/ professional judgement
- Full names and roles/status of anyone identified in the report
- Sign the record with a legible signature.
- Record actions agreed with/by the Designated Lead (SMART)
- Avoid acronyms/jargon/abbreviations

Review records regularly; add any new concerns respond to these immediately.

Appendix 6

Other Forms of Abuse

Radicalisation and Extremism

The Prevent Duty requires that all staff are aware of the signs that a child maybe vulnerable to radicalisation. The risks will need to be considered for political; environmental; animal rights; or faith based extremism that may lead to a child becoming radicalised.

In Cheshire East if you suspect a child to be suffering or likely to suffer significant harm, including being radicalised contact:

Cheshire East Consultation Service (ChECS): **0300 123 5012**

and contact Police Prevent officer **01606 362121** prevent@cheshire.pnn.police.uk

Indicators of vulnerability include:

- Identity Crisis: the pupil is distanced from their cultural / religious heritage and experiences discomfort about their place in society;
- Personal Crisis: they may be experiencing: family tensions/ a sense of isolation/ low self-esteem. They may have dissociated from their existing friendship group/ become involved with a new and different group of friends/ may be searching for answers to questions about identity, faith and belonging;
- Personal Circumstances: migration/local community tensions/ events affecting the pupil's country or region of origin may contribute to a sense of grievance that is triggered by personal experience of racism/ discrimination/ aspects of Government policy;
- Unmet Aspiration: the pupil may have perceptions of injustice; a feeling of failure; rejection of civic life;
- Experiences of Criminality: which may include involvement with criminal groups, imprisonment, and poor resettlement / reintegration;
- Special Educational Needs: pupils may experience difficulties with social interaction, empathy with others, understanding the consequences of their actions and awareness of the motivations of others
- Being in contact with extremist recruiters;
- Accessing violent extremist websites, especially those with a social networking element;
- Possessing or accessing violent extremist literature;
- Using extremist narratives and a global ideology to explain personal disadvantage;
- Justifying the use of violence to solve societal issues;
- Joining or seeking to join extremist organisations; and
- Significant changes to appearance and / or behaviour;
- Experiencing a high level of social isolation resulting in issues of identity crisis and / or personal crisis.

Channel

Channel is a partnership approach to support individuals vulnerable to recruitment by violent extremists.

In Cheshire East the Channel Co-ordinator is Kirsty Hercules – Principal Manager Communities & Partnerships

The CE Channel Panel meets bi-monthly. Attendees sign a Confidentiality Agreement and share case information. Discussion covers the vulnerabilities of individuals and their families, current support, and risks for the individual and community. Attendees agree if the case is appropriate for Channel and the support plan which is needed.

For those already open to Panel support plans are tailored, building on existing support, and may consist of help with family problems, mental health support, religious education, mentoring etc..

For those who are not Channel appropriate: a safe exit from Channel or a referral elsewhere is discussed.

The Safeguarding Children in Education Settings (SCiES) team represent education settings at these meetings. This means that SCiES may contact the Designated Safeguarding Lead before a meeting to request our view regarding the lived experience of the young person. They will contact us afterwards to give us an update.

Children Missing from Home or Care

Children who run away from home or from care, provide a clear behavioural indication that they are either unhappy or do not feel safe in the place that they are living. Research shows that children run away from conflict or problems at home or school, neglect or abuse, or because children are being groomed by predatory individuals who seek to exploit them. Many run away on numerous occasions.

Our school are aware of the Pan-Cheshire Joint Protocol on Children and Young People Who run Away or Go Missing from Home or Care 2017-2019.

The association of chief police officers has provided the following definitions **Missing person** is: 'Anyone whose whereabouts cannot be established will be considered as missing until located, and their wellbeing or otherwise confirmed.'

Within any case of children who are missing both push and pull factors need to be considered.

Push factors include:

- Conflict with parents/carers
- Feeling powerless
- Being bullied/abused

- •
-
- Being unhappy/not being listened to
- The Toxic Trio

Pull factors include:

- Wanting to be with family/friends
- Drugs, money and any exchangeable item
- Peer pressure
- For those who have been trafficked into the United Kingdom as unaccompanied asylum seeking children there will be pressure to make contact with their trafficker

As a school we will inform all parents of children who are absent (unless the parent has informed us).

If the parent is also unaware of the location of their child, and the definition of missing is met, we will either support the parent to contact the police to inform them, or we will take the relevant action.

Child Sexual Exploitation (CSE)

Sexual exploitation of children is not limited by the age of consent and can occur up until the age of 18. CSE involves children being in situations, contexts or relationships where they (or a third person) receive 'something' as a result of them performing sexual activities. The something can include food, accommodation, drugs, alcohol, cigarettes, affection, gifts, or money.

Child sexual exploitation can happen via technology without the child being aware; for example, being persuaded to post sexual images on the Internet/mobile phones without immediate payment or gain.

In all cases, those exploiting the child/young person have power over them by virtue of their age, gender, intellect, physical strength and/or economic or other resources. Violence, coercion and intimidation are common, involvement in exploitative relationships being characterised in the main by the child or young person's limited availability of choice resulting from their social/economic and/or emotional vulnerability.

Indicators a child may be at risk of CSE include:

- going missing for periods of time or regularly coming home late;
- regularly missing school or education or not taking part in education;
- appearing with unexplained gifts or new possessions;
- associating with other children involved in exploitation;
- having older boyfriends or girlfriends;
- suffering from sexually transmitted infections;
- mood swings or changes in emotional wellbeing;
- drug and alcohol misuse; and
- displaying inappropriate sexualised behaviour.

CSE can happen to a child of any age, gender, ability or social status. Often the victim of CSE is not aware that they are being exploited and do not see themselves as a victim.

As a school we educate all staff in the signs and indicators of sexual exploitation. We use the sexual exploitation risk assessment form to identify pupils who are at risk and the DSL will share this information as appropriate with ChECS.

Staff have been made aware of the Pan-Cheshire CSE policy, procedures and Screening tool. [Pan Cheshire CSE procedures](#)

Trafficked Children

Human trafficking is defined by the United Nations, in respect of children, as "the recruitment, transport, transfer, harbouring or receipt of a person by such means as threat or use of force or other forms of coercion, of abduction, of fraud or deception for the purpose of exploitation."

Any child transported for exploitative reasons is considered to be a trafficking victim.

As a school we are alert to the signs both for our children and for their families.

- Shows signs of physical or sexual abuse, and/or has contracted a sexually transmitted infection or has an unwanted pregnancy;
- Has a history with missing links and unexplained moves;
- Is required to earn a minimum amount of money every day;
- Works in various locations;
- Has limited freedom of movement;
- Appears to be missing for periods;
- Is known to beg for money;
- Is being cared for by adult/s who are not their parents and the quality of the relationship between the child and their adult carers is not good;
- Is one among a number of unrelated children found at one address; • Has not been registered with or attended a GP practice;
- Is excessively afraid of being deported.
- Looks malnourished or unkempt
- Is withdrawn, anxious and unwilling to interact
- Is under the control and influence of others
- Lives in cramped, dirty, overcrowded accommodation
- Has no access or control of their passport or identity documents
- Appears scared, avoids eye contact, and can be untrusting
- Shows signs of abuse and/or has health issues

For those children who are internally trafficked within the UK indicators include:

- Physical symptoms (bruising indicating either physical or sexual assault);

- •
-
- Prevalence of a sexually transmitted infection or unwanted pregnancy;
- Reports from reliable sources suggesting the likelihood of involvement in sexual exploitation / the child has been seen in places known to be used for sexual exploitation;
- Evidence of drug, alcohol or substance misuse;
- Being in the community in clothing unusual for a child i.e. inappropriate for age, or borrowing clothing from older people
- Relationship with a significantly older partner ;
- Accounts of social activities, expensive clothes, mobile phones etc. with no plausible explanation of the source of necessary funding;
- Persistently missing, staying out overnight or returning late with no plausible explanation;
- Returning after having been missing, looking well cared for despite having not been at home;
- Having keys to premises other than those known about;
- Low self- image, low self-esteem, self-harming behaviour including cutting, overdosing, eating disorder, promiscuity;
- Truancy / disengagement with education;
- Entering or leaving vehicles driven by unknown adults;
- Going missing and being found in areas where the child or young person has no known links; and/or
- Possible inappropriate use of the internet and forming on-line relationships, particularly with adults.

These behaviours themselves do not indicate that a child is being trafficked, but should be considered as indicators that this may be the case.

If staff believe that a child is being trafficked, this will be reported to the Designated Safeguarding Lead and will be reported as potential abuse

Domestic Abuse

Domestic abuse can affect anybody; it occurs across all of society, regardless of age, gender, race, sexuality, wealth or geography. Domestic abuse affects significant numbers of children and their families causing immediate harm as well as damaging future life chances.

Domestic abuse negatively affects children. We know that they are often more aware of what is happening than parents think. How they respond depends on their age, personality and support network; but they recover best when they are helped to understand and to process what is happening/has happened to them.

Their experiences will shape their self-worth, identity, and ability to relate to others in childhood and adulthood; making it much more difficult to succeed at school and develop friendships.

To support our children we:

- Have an ethos which puts children's wellbeing at the heart of all that we do
- Create a predictable school life with set routines.

- Ensure that rules and expectations are clearly stated and understood by all.
- Understand that oppositional and manipulative behaviours are not attempts to 'provoke us', but may be attempts by these children to control their world when so much feels out of control for them
- Model respectful and caring behaviour, positive conflict resolution and respectful interactions. Helping children learn not only what not to do, but what to do instead.
- Use the language of choice, making clear the benefits and negative consequences of their choices. Ensuring that you follow through with any consequences or sanctions.
- Support children to put feelings into words. Build up a vocabulary of emotional words with them so that they can begin to express their feelings more appropriately/accurately. (A child exposed to domestic abuse may have seen a lot of behaviours that express strong feelings, but may not have heard words to appropriately express/ describe these feelings).
- Understand that the child may experience conflicting and confusing emotions when thinking of or talking about their parents.
- Create opportunities for children to feel successful. Let the child/young person know that they matter; taking an active interest in them.
- Accept that they may not be willing or able to talk about it right away (if ever)
- Provide effective, non-verbal, systems for children to access support
- Provide reassurance that only people who need to know about the incident will know.

-
-
- Allow the child, where necessary, to safely store work in school or shred it after completion when providing interventions
- Have visible and accessible worry boxes/internal support systems /information regarding external sources of support e.g. Childline etc.

Children, Young People and Domestic Abuse

Honour Based Violence:

“Honour-based’ violence (HBV) encompasses crimes which have been committed to protect or defend the honour of the family and/or the community, including Female Genital Mutilation (FGM), forced marriage, and practices such as breast ironing. All forms of so called HBV are abuse (regardless of the motivation) and should be handled and escalated as such. Practitioners in all agencies, and individuals and groups in relevant communities, need to be alert to the possibility of a child being at risk of HBV, or already having suffered HBV.” *Keeping Children Safe in Education 2016*

FGM:

Female genital mutilation (FGM) is the partial or total removal of external female genitalia for nonmedical reasons. It is also known as female circumcision, cutting or Sunna.

Religious, social or cultural reasons are sometimes given for FGM. However, FGM is child abuse; it's dangerous and it is a criminal offence.

Female genital mutilation (FGM) is illegal in the UK. It's also illegal to take a British national or permanent resident abroad for FGM or to help someone trying to do this.

Indications that FGM may be about to take place:

- When a female family elder is around, particularly when she is visiting from a country of origin.
- Reference to FGM in conversation e.g. a girl may tell other children about it.
- A girl may confide that she is to have a ‘special procedure’ or to attend a special occasion to ‘become a woman’.
- A girl may request help from a teacher or another adult if she is aware or suspects that she is at immediate risk.
- Parents state that they or a relative will take the child out of the country for a prolonged period.
- A girl may talk about a long holiday to her country of origin or another country where the practice is prevalent.
- Parents seeking to withdraw their children from learning about FGM.
- A girl being withdrawn from PSHE or from learning about FGM (parents may wish to keep her uninformed about her body and rights)

Indications that FGM has taken place:

- Difficulty walking, sitting or standing
- Spending longer than normal in the bathroom or toilet possibly with bladder or menstrual problems
- Unusual/a noticeable change in behaviour after a lengthy absence
- Reluctance to undergo normal medical examinations
- Asking for help, but may not be explicit about the problem due to embarrassment or fear.
- Prolonged absences/ persistent unexplained absence from school/college;
Seek to be excused from physical exercise without the support of their GP
Child not allowed to attend extra-curricular activities
Close supervision of child by family/carers;

Forced Marriage

A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological.

Children, especially girls who are forced to marry, or those who fear they may be forced to marry, are frequently withdrawn from education, restricting their educational and personal development.

Indications that a Child is at risk of Forced Marriage:

Staff should be aware of significant changes in the child's presentation emotional and physical, in dress and behaviour.

- Appearing anxious, depressed and emotionally withdrawn with low self-esteem.
- Self-harming, self-cutting or anorexia.
- Criminal activity e.g. shoplifting or taking drugs or alcohol.
- Declining performance, aspirations or motivation.
- Not allowed to attend any extra-curricular or after school activities.
- Girls and young women may be accompanied to and from school/college,
- Attending school but absenting themselves from lessons.
- Stopping attendance at school/college
- A family history of older siblings leaving education early and marrying early.

Breast ironing also known as "Breast Flattening":

This is a practice where girls as young as nine have their chests pounded by hot stones/implements to delay the start of puberty; the intention being to protect the child from rape and sexual harassment. Sometimes the child is forced to wear an elastic belt around the area to restrict growth. It is a practice in Cameroon, Nigeria and South Africa. It is often carried out by the girl's mother.

Actions our school takes in relation to take around Honour Based Violence

- When managing requests for absence, we use an absence request form which requests information on all siblings who attend other schools. Sometimes younger siblings tell teachers information that has a bearing on older members of the family so it is important that we liaise with the other schools.
- The head teacher requires a meeting with parents to discuss applications for extended leave of absence during term time, as we feel this can provide an opportunity to gather important information. We ask for the precise location of where the child is going; the purpose of the visit; the return date and whether it is estimated or fixed.
- We check in with the child/children to see if they know and corroborate the purpose of the visit;
- If a return date has been specified and a child has not returned to school, we would contact our Education Welfare Officer. We would never remove the child from the roll without first making enquiries about their disappearance in line with Cheshire East Children Missing Education Procedures and referring the case to the police and Children's Services as appropriate.

Online Safety

With the current speed of on-line change, some parents and carers have only a limited understanding of online risks and issues. Parents may underestimate how often their children come across potentially harmful and inappropriate material on the internet and may be unsure about how to respond. Some of the risks could be:

- unwanted contact
- grooming
- online bullying including sexting
- digital footprint

The school will therefore seek to provide information and awareness to both pupils and their parents through:

- Acceptable use agreements for children, teachers, parents/carers and governors
- Curriculum activities involving raising awareness around staying safe online
- Information included in letters, newsletters, web site,
- Parents evenings / sessions
- High profile events / campaigns e.g. Safer Internet Day
- Building awareness around information that is held on relevant web sites and or publications
- Social media policy

Cyberbullying

Central to our School's anti-bullying policy is the principle that '*bullying is always unacceptable*' and that '*all pupils have a right not to be bullied*'.

The school recognises that it must take note of bullying perpetrated outside school which spills over into the school and so we will respond to any cyber-bullying we become aware of carried out by pupils when they are away from the site.

Cyber-bullying is defined as “an aggressive, intentional act carried out by a group or individual using electronic forms of contact repeatedly over time against a victim who cannot easily defend himself/herself.”

By cyber-bullying, we mean bullying by electronic media:

- Bullying by texts or messages or calls on mobile phones
- The use of mobile phone cameras to cause distress, fear or humiliation
- Posting threatening, abusive, defamatory or humiliating material on websites, to include blogs, personal websites, social networking sites
- Using e-mail to message others
- Hijacking/cloning e-mail accounts
- Making threatening, abusive, defamatory or humiliating remarks in on-line forums

Cyber-bullying may be at a level where it is criminal.

If we become aware of any incidents of cyberbullying, we will consider each case individually as to any criminal act that may have been committed. The school will pass on information to the police if it feels that it is appropriate or are required to do so.

Sexting

'Sexting' often refers to the sharing of naked or 'nude' pictures or video through mobile phones and the internet. It also includes underwear shots, sexual poses and explicit text messaging.

While sexting often takes place in a consensual relationship between two children, the use of Sexted images in revenge following a relationship breakdown is becoming more commonplace. Sexting can also be used as a form of sexual exploitation and take place between strangers.

As the average age of first smartphone or camera enabled tablet is 6 years old, sexting is an issue that requires awareness raising across all ages.

The school will use age appropriate educational material to raise awareness, to promote safety and deal with pressure. Parents are made aware that they can come to the school for advice.

Gaming

Online gaming is an activity that the majority of children and many adults get involved in.

The school will raise awareness by:

- Talking to parents and carers about the games their children play and help them identify whether they are appropriate.
- Supporting parents in identifying the most effective way of safeguarding their children by using parental controls and child safety mode.
- Talking to parents about setting boundaries and time limits when games are played.
- Highlighting relevant resources.
- Making our children aware of the dangers including of grooming and how to keep themselves safe
- Making our children aware of how to report concerns

County Lines

Criminal exploitation of children is a geographically widespread form of harm that is a typical feature of county lines criminal activity: drug networks or gangs groom and exploit children to carry drugs and money from urban areas to suburban and rural areas, market and seaside towns. Key to identifying potential involvement in county lines are missing episodes, when the victim may have been trafficked for the purpose of transporting drugs and a referral to the National Referral Mechanism should be considered.

Like other forms of abuse and exploitation, county lines exploitation:

- can affect any child or young person (male or female) under the age of 18 years;
- can affect any vulnerable adult over the age of 18 years;
- can still be exploitation even if the activity appears consensual;

- can involve force and/or enticement-based methods of compliance and is often accompanied by violence or threats of violence;
- can be perpetrated by individuals or groups, males or females, and children or adults; and
- is typified by some form of power imbalance in favour of those perpetrating the exploitation. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, cognitive ability, physical strength, status, and access to economic or other resources.

Contextual Safeguarding

Safeguarding incidents and/or behaviours can be associated with factors outside the school or college and/or can occur between children outside the school or college. All staff, but especially the designated safeguarding lead (or deputy) should be considering the context within which such incidents and/or behaviours occur. This is known as contextual safeguarding, which simply means assessments of children should consider whether wider environmental factors are present in a child's life that are a threat to their safety and/or welfare. Children's social care assessments should consider such factors so it is important that schools and colleges provide as much information as possible as part of the referral process. This will allow any assessment to consider all the available evidence and the full context of any abuse.

Appendix 7 – Allegations against staff and low level concerns

Section 1: allegations that may meet the harms threshold

This section applies to all cases in which it is alleged that a current member of staff, including a supply teacher, volunteer or contractor, has:

- › Behaved in a way that has harmed a child, or may have harmed a child, and/or
- › Possibly committed a criminal offence against or related to a child, and/or
- › Behaved towards a child or children in a way that indicates they may pose a risk of harm to children, and/or
- › Behaved or may have behaved in a way that indicates they may not be suitable to work with children – this includes behaviour taking place both inside and outside of school

If we're in any doubt as to whether a concern meets the harm threshold, we will consult our local authority designated officer (LADO).

We will deal with any allegation of abuse quickly, in a fair and consistent way that provides effective child protection while also supporting the individual who is the subject of the allegation.

A 'case manager' will lead any investigation. This will be the headteacher, or the chair of governors where the headteacher is the subject of the allegation. The case manager will be identified at the earliest opportunity.

Our procedures for dealing with allegations will be applied with common sense and judgement.

Suspension of the accused until the case is resolved

Suspension of the accused will not be the default position, and will only be considered in cases where there is reason to suspect that a child or other children is/are at risk of harm, or the case is so serious that there might be grounds for dismissal. In such cases, we will only suspend an individual if we have considered all other options available and there is no reasonable alternative.

Based on an assessment of risk, we will consider alternatives such as:

- › Redeployment within the school so that the individual does not have direct contact with the child or children concerned
- › Providing an assistant to be present when the individual has contact with children
- › Redeploying the individual to alternative work in the school so that they do not have unsupervised access to children
- › Moving the child or children to classes where they will not come into contact with the individual, making it clear that this is not a punishment and parents/carers have been consulted
- › Temporarily redeploying the individual to another role in a different location, for example to an alternative school or other work for the Youth Engagement Schools Trust

If in doubt, the case manager will seek views from the school's personnel adviser and the designated officer at the local authority, as well as the police and children's social care where they have been involved.

Definitions for outcomes of allegation investigations

- › **Substantiated:** there is sufficient evidence to prove the allegation
- › **Malicious:** there is sufficient evidence to disprove the allegation and there has been a deliberate act to deceive, or to cause harm to the subject of the allegation
- › **False:** there is sufficient evidence to disprove the allegation
- › **Unsubstantiated:** there is insufficient evidence to either prove or disprove the allegation (this does not imply guilt or innocence)
- › **Unfounded:** to reflect cases where there is no evidence or proper basis which supports the allegation being made

Procedure for dealing with allegations

In the event of an allegation that meets the criteria above, the case manager will take the following steps:

- › Conduct basic enquiries in line with local procedures to establish the facts to help determine whether there is any foundation to the allegation before carrying on with the steps below
- › Discuss the allegation with the designated officer at the local authority. This is to consider the nature, content and context of the allegation and agree a course of action, including whether further enquiries are necessary to enable a decision on how to proceed, and whether it is necessary to involve the police and/or children's social care services. (The case manager may, on occasion, consider it necessary to involve the police *before* consulting the designated officer – for example, if the accused individual is deemed to be an immediate risk to children or there is evidence of a possible criminal offence. In such cases, the case manager will notify the designated officer as soon as practicably possible after contacting the police)
- › Inform the accused individual of the concerns or allegations and likely course of action as soon as possible after speaking to the designated officer (and the police or children's social care services, where necessary). Where the police and/or children's social care services are involved, the case manager will only share such information with the individual as has been agreed with those agencies
- › Where appropriate (in the circumstances described above), carefully consider whether suspension of the individual from contact with children at the school is justified or whether alternative arrangements such as those outlined above can be put in place. Advice will be sought from the designated officer, police and/or children's social care services, as appropriate
- › Where the case manager is concerned about the welfare of other children in the community or the individual's family, they will discuss these concerns with the DSL and make a risk assessment of the situation. If necessary, the DSL may make a referral to children's social care
- › **If immediate suspension is considered necessary**, agree and record the rationale for this with the designated officer. The record will include information about the alternatives to suspension that have been considered, and why they were rejected. Written confirmation of the suspension will be provided to the individual facing the allegation or concern within 1 working day, and the individual will be given a named contact at the school and their contact details
- › **If it is decided that no further action is to be taken** in regard to the subject of the allegation or concern, record this decision and the justification for it and agree with the designated officer what

information should be put in writing to the individual and by whom, as well as what action should follow both in respect of the individual and those who made the initial allegation

- › **If it is decided that further action is needed**, take steps as agreed with the designated officer to initiate the appropriate action in school and/or liaise with the police and/or children's social care services as appropriate
- › Provide effective support for the individual facing the allegation or concern, including appointing a named representative to keep them informed of the progress of the case and considering what other support is appropriate. Additional signposting to support services and support can be obtained through the Trust's HR Manager.
- › Inform the parents or carers of the child/children involved about the allegation as soon as possible if they do not already know (following agreement with children's social care services and/or the police, if applicable). The case manager will also inform the parents or carers of the requirement to maintain confidentiality about any allegations made against teachers (where this applies) while investigations are ongoing. Any parent or carer who wishes to have the confidentiality restrictions removed in respect of a teacher will be advised to seek legal advice
- › Keep the parents or carers of the child/children involved informed of the progress of the case (only in relation to their child – no information will be shared regarding the staff member)
- › Make a referral to the DBS where it is thought that the individual facing the allegation or concern has engaged in conduct that harmed or is likely to harm a child, or if the individual otherwise poses a risk of harm to a child

All schools continue with:

If the school is made aware that the secretary of state has made an interim prohibition order in respect of an individual, we will immediately suspend that individual from teaching, pending the findings of the investigation by the Teaching Regulation Agency.

Where the police are involved, wherever possible the school will ask the police at the start of the investigation to obtain consent from the individuals involved to share their statements and evidence for use in the school's disciplinary process, should this be required at a later point.

Additional considerations for supply teachers and all contracted staff

If there are concerns or an allegation is made against someone not directly employed by the school, such as a supply teacher or contracted staff member provided by an agency, we will take the actions below in addition to our standard procedures.

- › We will not decide to stop using an individual due to safeguarding concerns without finding out the facts and liaising with our LADO to determine a suitable outcome
- › The governing board will discuss with the agency whether it is appropriate to suspend the individual, or redeploy them to another part of the school, while the school carries out the investigation
- › We will involve the agency fully, but the school will take the lead in collecting the necessary information and providing it to the LADO as required
- › We will address issues such as information sharing, to ensure any previous concerns or allegations known to the agency are taken into account (we will do this, for example, as part of the allegations management meeting or by liaising directly with the agency where necessary)

When using an agency, we will inform them of our process for managing allegations, and keep them updated about our policies as necessary, and will invite the agency's HR manager or equivalent to meetings as appropriate.

Timescales

We will deal with all allegations as quickly and effectively as possible and will endeavour to comply with the following timescales, where reasonably practicable:

- › Any cases where it is clear immediately that the allegation is unsubstantiated or malicious should be resolved within 1 week
- › If the nature of an allegation does not require formal disciplinary action, appropriate action should be taken within 3 working days
- › If a disciplinary hearing is required and can be held without further investigation, this should be held within 15 working days

However, these are objectives only and where they are not met, we will endeavour to take the required action as soon as possible thereafter.

Specific actions

Action following a criminal investigation or prosecution

The case manager will discuss with the local authority's designated officer whether any further action, including disciplinary action, is appropriate and, if so, how to proceed, taking into account information provided by the police and/or children's social care services.

Conclusion of a case where the allegation is substantiated

If the allegation is substantiated and the individual is dismissed or the school ceases to use their services, or the individual resigns or otherwise ceases to provide their services, the school will make a referral to the DBS for consideration of whether inclusion on the barred lists is required.

If the individual concerned is a member of teaching staff, the school will consider whether to refer the matter to the Teaching Regulation Agency to consider prohibiting the individual from teaching.

Individuals returning to work after suspension

If it is decided on the conclusion of a case that an individual who has been suspended can return to work, the case manager will consider how best to facilitate this.

The case manager will also consider how best to manage the individual's contact with the child or children who made the allegation, if they are still attending the school.

Unsubstantiated, unfounded, false or malicious reports

If a report is:

- › Determined to be unsubstantiated, unfounded, false or malicious, the DSL will consider the appropriate next steps. If they consider that the child and/or person who made the allegation is in need of help, or the allegation may have been a cry for help, a referral to children's social care may be appropriate
- › Shown to be deliberately invented, or malicious, the school will consider whether any disciplinary action is appropriate against the individual(s) who made it

Unsubstantiated, unfounded, false or malicious allegations

If an allegation is:

- › Determined to be unsubstantiated, unfounded, false or malicious, the LADO and case manager will consider the appropriate next steps. If they consider that the child and/or person who made the allegation is in need of help, or the allegation may have been a cry for help, a referral to children's social care may be appropriate
- › Shown to be deliberately invented, or malicious, the school will consider whether any disciplinary action is appropriate against the individual(s) who made it

Confidentiality and information sharing

The school will make every effort to maintain confidentiality and guard against unwanted publicity while an allegation is being investigated or considered.

The case manager will take advice from the LADO, police and children's social care services, as appropriate, to agree:

- Who needs to know about the allegation and what information can be shared
- How to manage speculation, leaks and gossip, including how to make parents or carers of a child/children involved aware of their obligations with respect to confidentiality
- What, if any, information can be reasonably given to the wider community to reduce speculation
- How to manage press interest if, and when, it arises

Record-keeping

The case manager will maintain clear records about any case where the allegation or concern meets the criteria above and store them on the individual's confidential personnel file for the duration of the case.

The records of any allegation that, following an investigation, is found to be malicious or false will be deleted from the individual's personnel file (unless the individual consents for the records to be retained on the file).

For all other allegations (which are not found to be malicious or false), the following information will be kept on the file of the individual concerned:

- A clear and comprehensive summary of the allegation
- Details of how the allegation was followed up and resolved
- Notes of any action taken, decisions reached and the outcome
- A declaration on whether the information will be referred to in any future reference

In these cases, the school will provide a copy to the individual, in agreement with children's social care or the police as appropriate.

Where records contain information about allegations of sexual abuse, we will preserve these for the Independent Inquiry into Child Sexual Abuse (IICSA), for the term of the inquiry. We will retain all other records at least until the individual has reached normal pension age, or for 10 years from the date of the allegation if that is longer.

References

When providing employer references, we will:

- › Not refer to any allegation that has been found to be false, unfounded, unsubstantiated or malicious, or any repeated allegations which have all been found to be false, unfounded, unsubstantiated or malicious
- › Include substantiated allegations, provided that the information is factual and does not include opinions

Learning lessons

After any cases where the allegations are *substantiated*, the case manager will review the circumstances of the case with the local authority's designated officer to determine whether there are any improvements that we can make to the school's procedures or practice to help prevent similar events in the future.

This will include consideration of (as applicable):

- Issues arising from the decision to suspend the member of staff
- The duration of the suspension
- Whether or not the suspension was justified
- The use of suspension when the individual is subsequently reinstated. We will consider how future investigations of a similar nature could be carried out without suspending the individual

For all other cases, the case manager will consider the facts and determine whether any improvements can be made.

Non-recent allegations

Abuse can be reported, no matter how long ago it happened.

We will report any non-recent allegations made by a child to the LADO in line with our local authority's procedures for dealing with non-recent allegations.

Where an adult makes an allegation to the school that they were abused as a child, we will advise the individual to report the allegation to the police.

Section 2: concerns that do not meet the harm threshold

This section applies to all concerns (including allegations) about members of staff, including supply teachers, volunteers and contractors, which do not meet the harm threshold set out in section 1 above.

Concerns may arise through, for example:

- › Suspicion
- › Complaint
- › Safeguarding concern or allegation from another member of staff
- › Disclosure made by a child, parent or other adult within or outside the school

- › Pre-employment vetting checks

We recognise the importance of responding to and dealing with any concerns in a timely manner to safeguard the welfare of children.

Definition of low-level concerns

The term 'low-level' concern is any concern – no matter how small – that an adult working in or on behalf of the school may have acted in a way that:

- › Is inconsistent with the staff code of conduct, including inappropriate conduct outside of work, **and**
- › Does not meet the allegations threshold or is otherwise not considered serious enough to consider a referral to the designated officer at the local authority

Examples of such behaviour could include, but are not limited to:

- › Being overly friendly with children
- › Having favourites
- › Taking photographs of children on their mobile phone
- › Engaging with a child on a one-to-one basis in a secluded area or behind a closed door
- › Humiliating pupils

Sharing low-level concerns

We recognise the importance of creating a culture of openness, trust and transparency to encourage all staff to confidentially share low-level concerns so that they can be addressed appropriately.

We will create this culture by:

- › Ensuring staff are clear about what appropriate behaviour is, and are confident in distinguishing expected and appropriate behaviour from concerning, problematic or inappropriate behaviour, in themselves and others
- › Empowering staff to share any low-level concerns as per section 7.7 of this policy
- › Empowering staff to self-refer
- › Addressing unprofessional behaviour and supporting the individual to correct it at an early stage
- › Providing a responsive, sensitive and proportionate handling of such concerns when they are raised
- › Helping to identify any weakness in the school's safeguarding system, including use of CPOMS
- › Holding regular staff briefings to encourage sharing of low level issues and concerns

Responding to low-level concerns

If the concern is raised via a third party, the headteacher will collect evidence where necessary by speaking:

- › Directly to the person who raised the concern, unless it has been raised anonymously
- › To the individual involved and any witnesses

The headteacher will use the information collected to categorise the type of behaviour and determine any further action, in line with the school's code of conduct. The headteacher will be the ultimate decision-maker in respect of all low-level concerns, though they may wish to collaborate with the DSL.

All notes and outcomes from any such investigations will be recorded and stored confidentially by the Headteacher and shared only with appropriate senior colleagues such as the DSL and Trust Executive Leaders.

Record keeping

All low-level concerns will be recorded in writing. In addition to details of the concern raised, records will include the context in which the concern arose, any action taken and the rationale for decisions and action taken.

Records will be:

- › Kept confidential, held securely and comply with the DPA 2018 and UK GDPR
- › Reviewed so that potential patterns of concerning, problematic or inappropriate behaviour can be identified. Where a pattern of such behaviour is identified, we will decide on a course of action, either through our disciplinary procedures or, where a pattern of behaviour moves from a concern to meeting the harms threshold as described in section 1 of this appendix, we will refer it to the designated officer at the local authority
- › Retained at least until the individual leaves employment at the school

Where a low-level concern relates to a supply teacher or contractor, we will notify the individual's employer, so any potential patterns of inappropriate behaviour can be identified.

References

We will not include low-level concerns in references unless:

- › The concern (or group of concerns) has met the threshold for referral to the designated officer at the local authority and is found to be substantiated; and/or
- › The concern (or group of concerns) relates to issues which would ordinarily be included in a reference, such as misconduct or poor performance
